

# P O 5

## FINISHING

GRIP-SUPPORT technology provides additional support at work. The wide, spacious cuff allows you to slip the sleeve inside the glove for even more protection from injury.

## INSERT

ANTISLASH is a combination of professional anti-cutting protection with high wearing comfort.

The «13-gauge liner» density is responsible for the lightness and durability of the weave, and the high content of elastane provides the perfect fit for the palm.

## COATING

PU-REFORMANCE is a technology based on pure polyurethane, without the addition of silicone and DMF. The unique, spongy formula provides high traction and a secure grip even in wet environments.

## CHARACTERISTIC

Functional anti-cutting glove guarantees high level of accuracy and perfect fit for the palm. The unique formula of the coating is friendly to the body and provides excellent grip in a humid environment.
